WEDNESDAY 13 MARCH 2019

Special Event

Join us as Dr Barry Jones AC revisits for the 21st century his best-selling and widely influential book on technology and the future of work.

Barry Jones has been a politician, government minister, high school teacher, university lecturer and lawyer. He is also the only person ever to have been elected as a Fellow of all four of Australia's learned academies, and was named by the National Trust among Australia's 100 Living National Treasures. He is a famous polymath and a lively thinker on political matters.

This is sure to be a stimulating evening of ideas and discussion, so reserve your place as soon as possible to avoid disappointment.
